## Admission prices from 1 May 2017

### for M/Bäder public pools

#### General conditions for admission tickets and the M-Bäderkarte (discount card)

Validated single tickets are only valid for the bathing establishment for which they were issued.

The stay in the pool begins with the cancellation of the admission ticket at the entrance and ends with leaving the pool at the turnstile. Single tickets lose their validity on leaving the pool.

Single tickets are valid only on the day of cancellation, monthly tickets according to their coding. The M-Bäderkarte is valid without limit and can be loaded with the sums specified at the pool cash desk.

The validated entrance ticket is valid for the particular normal bathing time at the pool. Exceeding the normal bathing time incurs the corresponding additional payment.

For reduced entrance prices which are only valid in connection with an entitlement pass, this must also be displayed. If the visitor does not comply with this request, they can be excluded from use of the pool. The duty to pay an increased admission fee is unaffected by this.

#### You can save with the M-Bäderkarte!

Profit from a direct price advantage on every entry.

#### This is how it works:

Load your M-Bäderkarte with credit of 25, 50, 100 or 200 euros at the cash desk. Depending on how much credit you load on your M-Bäderkarte, you receive a discount of up to 20%. When you pass through the turnstile with your M-Bäderkarte, the discount is applied to the rate valid at the time of admission and deducted directly.

#### YOUR SAVING

Credit loaded	25 €	50 €	100 €	200 €
Price advantage for each entry	10 %	15 %	17,5 %	20 %

#### Loss of ticket

Lost tickets will not be replaced.

Admission tickets and M-Bäderkarte credits are excluded from exchange or reimbursement.

The loss of an M-Bäderkarte with credit will be replaced if the postcard „Wir schützen Ihr aufgeladenes Guthaben“ („we protect your loaded credit“) has been filled in completely and returned. The postcard can be obtained from all cash desks at the indoor pools, the Dante Winter-Warmfreibad and the Prinzregentenstadion. Credit protection commences three weeks after submission.

The loss of the M-Bäderkarte can be reported in this case during the opening times at all cash desks of the indoor pools, the Dante Winter-Warmfreibad and the Prinzregentenstadion. A new card with the credit transferred will be issued there on presentation of an official ID bearing a photograph.

#### Use

The M-Bäderkarte enables admission to all Munich pools and the Prinzregentenstadion. With the M-Bäderkarte, entrance tickets can also be purchased at the pool cash desk and the vending machines.

On entry through the turnstile, the tariff applicable at the time of use will be debited.

## Wir schützen Ihr Guthaben auf der M-Bäderkarte

Ihr Vorteil: Wir buchen Ihr Guthaben, das sich bei Meldung des Kartenverlusts auf Ihrer Karte befindet, auf eine neue Karte um. Dazu benötigen wir Ihre Daten, damit wir die verloren gegangene Karte eindeutig zuordnen können. Bitte füllen Sie die Postkarte in Druckbuchstaben aus.

Der Schutz tritt drei Wochen nach Abgabe Ihrer Daten in Kraft.

#### Unauthorized entry

The admission tickets must be retained during the use of the pools if they have not been swallowed by the till system directly on entrance to the pool, and shown to the pool personnel on request. Single and monthly tickets or access chips/keys are not transferrable (M-Bäderkarte is transferrable).

The SWM charges a standard tariff for unauthorized entry to the pool area or for misuse of the admission ticket.

Unauthorized entry always occurs if the pool visitor

- ▶ uses the pool and/or sauna area without a valid admission ticket.
- ▶ has not canceled the admission ticket.
- ▶ makes use of a reduced admission fee without entitlement.

In all cases the SWM reserves the right to criminal prosecution.

#### Consumer dispute resolution

For the resolution of disputes related to consumer contracts in the area of M-Bäder, the SWM is prepared to take part in the arbitration procedure of the national general arbitration body of the Zentrum für Schlichtung e.V., Straßburger Straße 8, 77694 Kehl am Rhein, Internet [www.verbraucher-schlichter.de](http://www.verbraucher-schlichter.de), [mail@verbraucher-schlichter.de](mailto:mail@verbraucher-schlichter.de), Fax 07851 7957941. This presupposes that you have approached the SWM and no solution has been found which is satisfactory for both sides.
